READYTOdo

Spelt **K130**, Barley **O198**, Rice **N112**

- Quick rehydration
- Same Rehydration time
- Similar bulk density
 - 100% clean label
- Low Microbiological count

Description

Parboiled Medium Grain Rice **N112**, Spelt **K130** and Barley **O198** belong to NATURIS ReadyToDo range which includes quick cooking rice, cereals and pulses. The products are 100% natural and ready to be used in many food preparations.

Functional properties

Our quick cooking rice, cereals and pulses can be tuned with particular features of density and volume according to the packaging capacity and the rehydration time according to the desired performance. This enables our customers to pack together very different products allowing the consumer to have many different mixes of grains that can be cooked all in the same time.

Preparation

Bring water to a boil, choose and add the mix of grains and simmer for 10 minutes.
